Crimson Tide Aquatics

Our Dear Friends:

Thank you so much for the sock drive you held for the Tuscaloosa Salvation Army this year and last year. It never ceases to amaze us when we arrive to pick up the donation and see the amount of items that you have collected for us. In our Christmas programs here at The Salvation Army, many people collect clothing and toys for us; socks are a forgotten need.

My husband and I have two children who are growing up so fast and know how they feel when we buy new items for them, especially new socks. My son always reminds me when he needs them by telling me his socks are now air-conditioned. Please know that your donation was shared with the families and children who received Christmas help from The Salvation Army. We added the socks to the other goodies that were given out.

So on behalf of over 1860 children such as yourselves, please accept our thanks and gratitude. Each of you did a tremendous joy and I hope that you will consider doing this project again for us next year. God's blessings to you!

Sincerely,

Major Chiffonia Smith  
CORPS OFFICER
